

WWCTN COMMISSION DISTRIBUTION

THIS CHART shows the commission distribution of a single transaction which takes place at level 3 in a trading group of which YOU happen to be placed as shown. YOU will earn commission from any trade that takes place in levels 2,3 and 4.

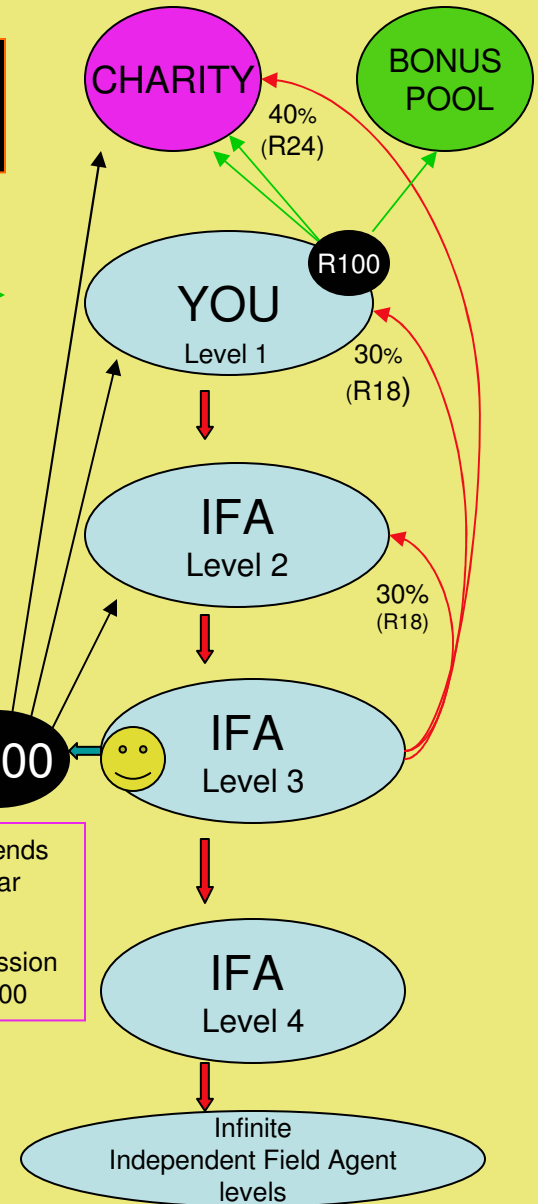

H/OComm
40% of Total
R40

IFA Comm
60% of Total
R60

Notes:

1. If the transaction takes place in a trading group that is NOT in a Joint Venture or WWCTN Biz Center community, all commission (40% of total) goes to WWCTN.
2. Where the trading member (YOU in Diagram) is directly under the WWCTN JV or BC commission goes to Charity and the Bonus Pool. (Light Green arrows)
3. Commission may not always be 10% as shown in this example distribution. Actual commission depends on individual agreements with Associate Service Providers.
4. The three levels of Independent Field Agents (IFA) commission are shown in RED
5. A JV or BC partner will earn commission not just on three levels, but on all transactions in their trading community to infinite commission levels at 60% of H/O Commission ... 24% of total Commission.

A Member spends R1000 on car service.
Agreed commission @10% = R100
